

Dennis Lee Moeller
March 20, 2022
Age 67
Lakewood, Ohio

Dennis Lee Moeller died on March 20, 2022 at age 68 in Lakewood, Ohio.

His twin sister, Denise Lee Moeller Gerboc died on September 30, 2021.

Our classmate Jeff Kristofeld wrote this wonderful tribute to Dennis: "In 2021, I had an opportunity to visit with Dennis during the Covid pandemic. He was ill at the time but was able to fondly recall the 'good ol days' and adventurous times in Lakewood growing up during our adolescent years. We also talked several times on the phone.

"What a remarkable life Dennis had! While serving our country during his four-year term as a Navy seaman, he visited all seven continents and ports-of-call. He was very proud of this accomplishment and experienced a dream of a lifetime. After serving in the Navy, Dennis pursued a career in neon signage. He was truly a pioneer in neon signage design and production, creating many of the signs used by major corporations and businesses in the United States. Many of his signs are still in use today.

"Dennis retired early after a successful career. Prior to his illness, he was remodeling and updating his childhood home which he shared with his older brother, Chris, in Lakewood. Above all else, his twin sister, Denise, and her family, and brother Chris were most important to Dennis.

"Dennis, Thank you for your service to our country and your friendship throughout the years. You are missed!"
